## PROFILE

Front-end developer with 3 years of experience specializing in TypeScript, React, Next.js, and Sass. Passionate about performance optimization and building responsive, high-quality web applications. Focused on delivering well-structured and scalable solutions that enhance user experience.

## PROFESSIONAL EXPERIENCE

### Front-End and mobile developer

03/2025 – Present | Ashgabat

*Montra*

- Led frontend software development (FSD) with a strong emphasis on scalable architecture, building modern websites, dashboards, and cross-platform mobile apps using React.js, Next.js, and React Native.
- Collaborated closely with designers and backend developers to deliver seamless user experiences and maintain consistent branding across platforms.

### Freelance Front-End Developer

09/2024 – 03/2025

*Self-Employed*

Ashgabat, Turkmenistan

- Developed custom websites, dashboards, and web applications for clients across various industries.
- Implemented responsive designs using React.js, Next.js
- Achieved a 95% client satisfaction rate through timely delivery and effective communication.

### Front-End and Mobile developer

12/2022 – 09/2024

*Payhasly yoldash*

Ashgabat, Turkmenistan

- Collaborated with designers and back-end developers to implement wireframes and mockups into functional interfaces.
- Optimized website performance, reducing load times by 30%.
- Maintained version control using Git and contributed to agile development processes.

## PROJECTS

### Evently app

*Mobile and telegram mini app*

*Technologies: Next.js, Expo-React-Native, Maplibre, React-hook-form, Zod*

- Built the **Evently** event sharing app and a **Telegram Mini App** using React Native, Maplibre for interactive maps, and Zod for robust schema validation.
- Applied **modular and scalable** frontend architecture practices, enabling **code reusability and future extensibility** across components and views.

**rowshen.com.tm, ojukbujuk.com.tm, abraylymebel** 🔗

*Ecommerce projects*

*Technologies: React.js, Next.js, Zustand, Redux, Tailwind CSS, FSD*

- Developed a fully responsive e-commerce platform using React.js and Next.js for enhanced performance.
- Implemented Redux for efficient state management of cart items, user sessions, and product data.
- Designed a modern and intuitive UI with Tailwind CSS, ensuring a seamless shopping experience.
- Optimized SEO and usability, resulting in a **20% increase in online sales within three months**.

### DLP System

*Front-End Development | Technologies: React.js, Next.js, Redux, RESTful APIs, SCSS*

- Developed a web-based tracking system for monitoring and analyzing operational data in real-time.
- Implemented Redux for efficient state management to handle complex data flows and user interactions.
- Built reusable components with React to ensure scalability and maintainability.
- Integrated RESTful APIs to fetch and update data seamlessly across multiple modules.
- Optimized performance using Next.js features like server-side rendering and dynamic imports.
- Enhanced usability with intuitive UI/UX design and responsive layouts for various devices.

SKILLS

Languages

JavaScript (ES6+), TypeScript, HTML5, CSS3

Libraries

Redux, Zustand, React Query, SWR, Zod, Tailwind CSS, Sass, React Hook Form.

Soft Skills

Problem-solving, teamwork, communication

Frameworks

React, Next.js, Expo React Native

Tools

Git, Webpack, Jest, Figma, Cypress, Prettier, Eslint, Husky, Storybook.

EDUCATION

Bachelor

Oguz Han Engineering and Technology University

09/2018 – 06/2023  
Ashgabat, Turkmenistan

Achievements

- GPA: 88/100
- Achieved top rankings in both national and international Math Olympiads.

LANGUAGES

English

Turkmen
